To Professor Hanan Alexander
DARE Coordinator
Dean of Students and Head of International School

Dear Professor Hanan Alexander,

We are aware that Iakob Gogebashvili Telavi State University is involved in the EU funded project “Developing programs for Access of Disadvantaged groups of people and Regions to higher Education” (DARE) and as an institution we are ready to support the activities that are planned by the project.

Due to the request sent by you to designate a representative from our institution to become a member of DARE Project Board I am designating myself, Rector Prof Irma Shioshvili, to be the member of the Board. The reason of this designation is that I, myself, attended the first kick of meeting held at the University of Murcia, Spain in February 2016 and very well aware of the importance of the project and the activities that should be implemented in the frame of the project by Telavi State University.

I, as the rector of the university, will be the guarantee and institutional support to the project during the project lifetime and also will sustain the gained results.

Thank you for your intent involving Telavi State University in the consortium and give us chance to work with you in the frame of the DARE project.

Respectfully,
